- The propane barbeque is for your convenience-please keep it away from the side of the house until it is cool.
- The freezer in the laundry room is for freezing your processed fish for your trip home (also bait storage).
- Please feel free to have a fire in the airtight woodstove in the living room. You will find kindling and firewood under the back deck (outside entrance). There is paper in a box in the laundry room. Do not open the ashdraw in the bottom of the woodstove when the fire is lit. There is a slider lever on the front of the woodstove that will damper down the fire.

IMPORTANT Please do not leave fish guts or skins on property (remove to dump) it will smell and attract animals (namely BEAR, COUGAR), please NO GARBAGE left outside anytime, anywhere (crows are everywhere and they're always watching !). Store inside until taken directly to dump. The dump is free, so go as many times you like.

There is a general store at the end of the road-to the left. They sell liquor, beer, and cider and have a pretty good selection of basic food needs. They also rent videos and have books. Post Office is located in the Lower Beach Camp area across from "The Park"
